Visual Arts Definitions/Explanations

- A. Two-Dimensional Art is described as a form of visual art that exists on a flat surface and has width and height but no depth. Examples include drawings, paintings, prints, photography and can be created with charcoal, ink, watercolor, pencil, paint, etc.
- B. Three-Dimensional Art is described as a form of art that has height, width and depth and can be viewed from multiple angles. 3D art takes up physical space. Examples include clay molding, glass blowing, sculpture, casting, modeling, carving and construction.
- C. Explanation of the term "kit" – Any art project that comes pre-packaged or boxed as a "kit" is not an allowable project. While utilizing kits can help build skills, the work needs to be original to the 4-H member. Examples include paint by number, diamond art kits, string art, etc. Exception: Leather project kits, due to the nature of pre-cut leather, are allowed.
- D. General Crafts — cutting & pasting
- E. Explanation of "original art":
 - If a 4-H member creates their own pattern or art project that contains paint, diamond art beads, string art or any other medium, then it becomes their own work and in turn can evolve into an allowable project.
 - Combining parts of different patterns (pictures, photographs, images from the internet or magazine) with the member's own ideas can result in an original design.
 - Changing only the color, pattern or size does not make the design original.
 - If a photo, sketch or other idea source was used, or a new pattern was created by the 4-H member please submit it with the judging rubric.
 - The design process for original art by the 4-H member must be explained in the judging rubric.
 - Painted craft versus glazed pottery – When a 4-H member uses acrylic paint on pre-made ceramic pieces it is considered a painted craft. When a 4-H member applies glaze to greenware and the pieces are fired, that is considered pottery/ceramics and fine art.

8. Wildlife Knowledge Check - Use electrical circuits, pictures, or other methods of teaching wildlife identification or other wildlife conservation or shooting sports related knowledge. Plan size and shape to fit transportation and display; maximum size 24 x 24 inches.
9. 5412 - Houses - Make a house for wildlife. Examples: bird house (bluebird, purple martin, wood duck, kestrel, barn owl, etc.) or bat house; no insect houses. Make the house functional so that dimensions, hole size etc. are appropriate to fit the intended species' needs. Include the following information: 1) the kinds of animal(s) for which the house is intended, 2) where and how the house should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations from experiences.
10. Feeders/Waterers - Make a bird bath or feeder. Examples: seed, suet, or nectar feeders. Squirrel feeder okay; no insect feeders. Include the following information: 1) the kinds of animal(s) for which the water/feeder is intended, 2) where and how the water/feeder should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations or experiences.

4-H Veterinary Science Department 139

- A. A Veterinary Science exhibit may consist of a poster, notebook or project display.
- B. If photographs are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, use of drapes, use of sterile procedures, wearing of gloves and other appropriate veterinary medical practices.
- C. First-Aid Kits: Because of public safety concerns and risk of theft of first-aid kit contents will not be displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer generated print-outs or empty packaging of pharmaceuticals.
- D. Veterinary Science Posters - This exhibit presents the viewer with a design that is simple and direct, unlike a display that usually presents more information. A poster should not exceed 22" x 30" and may be either vertical or horizontal.
- E. Veterinary Science Displays - A display may include but is not limited to: a 3-dimensional exhibit, a scale model, the actual product (for example: skeleton; teeth; samples of leather, fur, or dried skin damaged by disease or parasites) or a notebook. A display is not a poster. A display may be mounted on poster board not to exceed 22" x 28" or on 1/4" plywood or equivalent that does not exceed 24" high or 32" wide or in a three-ring binder or another bound notebook format.
- F. Veterinary Science Notebooks: Individual entries are to be placed for display in a three-ring notebook for competition. Notebooks may not be larger than 8 1/2" x 11".
- G. Name, county/district, age and year in project should be on the front of the poster, display or notebook.
- H. See the Kansas State Fair Book for a list of appropriate topics.

Because these are science displays, all references and information must be properly cited. See Kansas State Fair Book for proper sources. Plagiarism will result in a disqualification, present the information to your audience in your own words.

Class #

1. 4-H Veterinary Science Notebook
2. 4-H Veterinary Science Poster
3. 4-H Veterinary Science Project Display

Class #

Display/Notebook Classes

1. Notebook. Contents pertain to some phase, results, story or information about the wildlife project.
2. Promotional Poster. Must be related to something learned in the wildlife project. (Flat poster board or foam board no larger than 22" x 28").
3. Educational Display. Must be directly related to the wildlife project. Maximum tri-fold size is 3' x 4'.

Experiential/Other Classes

4. Fish Harvesting Equipment - Board exhibit. Display of equipment used in fish harvesting. Examples: fishing knots, hooks (with corks over ends for safety), lures. Label all items displayed. Include in your exhibit the following information: the purpose of each item, when or where each item is used.
5. Build a Fishing Rod - A fishing rod educational exhibit may not exceed 96 inches in length. Exhibit must be mounted on a board. Include with the exhibit: Explanation of cost of materials/components and how many hours were required for construction. Label all parts. Necessary components which must be included are grip, line guides (based on manufacturers specifications), guide wraps, and hook keeper. Reel seat needs to be aligned with guides, and guides aligned accurately down rod. Guide wraps of size A to D, nylon or silk thread. Exhibit will be judged on: workmanship, labeling of parts, information, and neatness.
6. Casting Target - Make a casting target for exhibit and use. Target must be under 48" x 48". The bullseyes must be 2 feet, outer band must be 1 foot in diameter and can have up to 3 rings. The exhibit must be easy to store, durable, and weather resistant. Include the purpose and rules of using your casting target.
7. Wildlife Harvesting Equipment - Board Exhibit. Display of equipment used in harvesting wildlife. Examples: expended ammunition casings (no live ammunition permitted), steel traps, hide stretchers, fleshers, etc. For displays of shotguns, rifles, or bows, use drawings or pictures. Label all items displayed: the purpose of each item, when or where it is used and personal experiences with the item.
8. Inventing Wildlife/Fish Harvesting Equipment, Aid or Accessory - Use engineering principles to invent or adapt equipment that helps you harvest fish or wildlife. This could include wildlife calls, adapted fishing pole for shallow water, a blind, decoys, etc. Share your drawing (or adapted plans), how the equipment works, how you tested it, and the results of testing your prototype, and any adjustments you made.
9. Tanned Hides - Exhibit of a wild animal hide properly processed by the member. If not mounted, must be in a clear clothing bag with hanger. Field experiences, study, OR observations that relate to the exhibit should be included with exhibit.
10. Taxidermy - Any legal fish, bird, or other wild animal properly processed by the member. No requirement as to mounting. Include the animal's name and the following: information about the exhibitor's personal field experiences, study, OR observations that relate to the exhibit.
11. Wildlife Tracks - Board or diorama-type box exhibit. Make a display of animal tracks using plaster-of-paris casts. There are 3 options. For all options, include a brief description of your experiences in making the tracks so the judges better understand what you did and learned. Positive casts (impressions as they would be in nature) are preferred. - Option 1 should show plaster-of-paris tracks of five or more kinds of wildlife along with a picture or illustration of each kind of animal. (OR) - Option 2 should show two or more plaster-of-paris tracks of one specific kind of wildlife and should include a picture or illustration of the animal, what the animal may eat, and what may eat the animal. (OR) - Option 3 should show two tracks and include the animal's habitat needs including preferred food, shelter, water, and space in addition to picture or illustration of the animal.

2025 GRAND MARSHALS

Bill & Deann Shields

Bill and Deann Shields moved to Colby, KS in 1985 from Northeast Kansas. They joke that if it didn't work in 5 years, they would move back east. Well, now 40 years later Colby is home. Bill and Deann have 3 adult children, Justin, Kelsey, Kailey and now the third generation is calling Northwest KS home as well.

Thomas County and Colby have provided many opportunities to grow and a wonderful place to raise children. Over the years the Shields have been very active in 4-H and extension councils. Bill served 2 terms on Thomas County Fair Board, and multiple times on the Extension Board. Over the years, Deann served as Club leader for Abilene Hustlers and volunteered as livestock superintendent for many years.

4-H Wildlife Department 138

- A. Exhibitors must comply with state and federal laws. It is illegal to possess threatened or endangered wildlife, or the feathers, nests, or eggs of non-game birds. Game birds and game animals taken legally during an open season may be used. Every wildlife on display must have a statement about how they were obtained legally. The use of live wild animals in educational exhibits is prohibited.
- B. Exhibits in this division are open to educational displays, promotional posters, or experiential displays. Exhibits should reflect learning in the project area. Follow copyright laws as explained in the General Rules as you are preparing your exhibit.
- C. Wildlife exhibits that reflect harvesting of wildlife must follow National Minimum Standards and Best Practices <https://4-hshootingsports.org/wp-content/uploads/2024/01/12.13.23-Minimum-Standards-Update.pdf> and Kansas 4-H Shooting Sports Handbook https://bookstore.ksre.ksu.edu/pubs/kansas-4-h-shooting-sports-handbook_4H1101.pdf and Kansas Fish and Game laws. Exhibits outside these standards will be disqualified.
- D. The exhibit size rule will be strictly enforced. Exhibits exceeding the size guidelines will be disqualified. Maximum exhibit size for all exhibits in this division is 4'X6'. Larger exhibits will be turned away.
- E. Educational Display: must be the standard tri-fold board ONLY, must not exceed standard tri-fold: 3'x4' unless there is a topper that sits on top of the board and does not take up additional table space; no additional table space available for promotional brochures or display items; content not to exceed display board borders.
- F. Posters: must be flat and no larger than 22"x30"; content not to exceed display board borders. Exhibits may be displayed on wall.
- G. Notebooks: no larger than 8 1/2" x 11".
- H. Exhibits must not display, describe, or depict firearms or firearm components that are not allowed by 4-H Shooting Sports National Minimum Standards.
- I. Exhibitors must comply with state and federal laws and Kansas State Fair Management.
- J. No "live" ammunition containing propellant or explosive powders may be used in any display. An inert substitution must be used in lieu of powder and "live" ammunition, the substitution must be clearly described on the back of the poster, display or in a notebook.
- K. Name, county or district, age and year in project should be on the back of the poster, display or notebook unless special arrangements are made because of declination of publicity release.
- L. Exhibit topics regarding firearm care, handling, and shooting will only be accepted from Extension Units with 4-H Certified Shooting Sports Programs and enrolled 4-H youth in the specific Shooting Sports Project.
- M. Exhibits will not be accepted if they are related to reloads.

- L. Exhibits will not be accepted if they are related to reloads.

Class

Educational/Promotional Classes

1. Educational Display Must be directly related to the 4-H Shooting Sports Project (standard tri-fold boards only, no larger than 3'x4').
2. Promotional Poster. Must promote 4-H Shooting Sports.
3. Notebook. Contents pertain to some phase, results, story or information about 4-H Shooting Sports.

Experiential Classes

4. Shooting Aid or Accessory - Any item the 4-H member makes which helps the shooter/hunter better perform their sport, examples: rifle sling, kneeling roll, arm guard, shotgun vest, target boxes, shooting stick, etc. Include your design, or plans you adapted, what the item is and used for.
5. Storage Case - Any item the 4-H member makes with the purpose to safely hold a firearm, bow, ammunition, and/or arrows. Examples: soft sided shotgun case, quivers, firearm safe, include your design, or plans you adapted. Explain how the storage case is used.
6. Practice Game or Activity - Invent or adapt an activity to practice or teach a project skill. Include pictures of youth playing the game, testimonials of 4-H members who played the game, what skill is being worked on, and directions for the game. Explain how you came up with the game or adapted it to fit the needs of your group members.

Fair Shoot

- A. Open to all 4-H members who enrolled in shooting sports within the current year. Must be enrolled in the specific discipline in which the 4-H member is competing.
- B. Must have Certified Shooting Sports Instructor's concurrence.
- C. State 4-H Shooting Sports Match Rules apply, however the County Shooting Sports Coordinator will conference with certified instructors to make changes in the shoots, such as whether or not to shoot silhouettes, specific distances based on range size, etc. Changes MUST be approved by the Coordinator.
- D. **4-H members will receive ribbons, trophies, or other awards, but no premium money will be given due to governing rules and regulations.**
- J. All qualifying matches for each discipline will abide by Kansas 4-H State Match Rules.
- K. Each discipline's "Fair Shoot" will follow the procedures outlined in the local shooting sports qualifiers.
- L. A Grand Champion and Reserve Champion for each age division will be awarded for each discipline, however Air Pistol, Shotgun, and Archery will all use aggregate scoring for each age division. All decisions are final.

The Shields have been strong supporters of 4-H at many levels over the years and believe strongly in the values it teaches our youth, work ethic, volunteerism and the real value and satisfaction of a successful project at home or the fair. They are proud to have been honored as 4-H Family of the year twice.

Bill and Deann have been trophy sponsors for the open and 4-H bucket calf project for over 25 years to help promote the livestock and animal husbandry at an early age. A lot of the parents on the outside of the showring still have their first bucket calf trophy, and now they are watching their kids smile as they receive their first trophy. The Shields started this in honor of their son Jacob that passed away in 1996. He would have been a proud Thomas County 4-H member.

Over the years they have provided facilities for 4-Hers interested in the Livestock program but did not have a place to keep a project. At one time the chaos included 11 kids and over 20 animals to get ready for fair.

Bill is an Area Manager for Nutrien Ag Solutions and Deann has been an integral part of Colby Public Schools for over 35 years.

Thomas County is a great place to grow, with tremendous opportunities. In the end it is the people that make Thomas County the Oasis on the Plains.

Thank you for the honor of being selected as Grand Marshalls of the 2025 Thomas County Free Fair!

4-H Banner Department 131

- A. Banners are two dimensional display, depicting one idea. Banner should illustrate a phase of 4-H work which is being practiced by boys and girls in 4-H.
- B. Dimensions are to be no less than 12 and no more than 16 square feet, with a minimum of 3 feet on one side.
- C. Banners must be hung on a rod and rope or hanging wire strong enough to support the banner.
- D. Banners should be made of materials that permit the banner to be folded or rolled without damaging the display.
- E. A label is to be attached to the back lower left-hand corner of the banner giving the name of the club, county and year. Letters should be 2" in height. Names of 4-H members are optional.
- F. Clubs may enter both a booth and a banner.
- G. Banners will be judged on the educational message, general appearance, artistic arrangement and the quality of display materials.

4-H Booths Department 132

1. Each 4-H club will be entitled to construct one booth to illustrate or demonstrate a phase of 4-H club work.
2. Wheat Variety Test Plot Booths will compete separately and will comply to state fair specifications. The free standing displays must not exceed the overall dimensions of 36" wide x 36" high x 18" deep (measure on the outside). Care should be taken to select durable materials that will withstand Fair conditions. Displays must not require the use of electricity. If booth exceeds overall dimensions, ribbon placing will be dropped 1 place.

1. Remote Control Robot (Not eligible for State Fair)
2. Robot made from a commercial (purchased) kit (no programming, just assembly).
3. Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
4. Programmable robot made from a commercial (purchased) kit.
5. Robot designed and constructed by exhibitor or from a commercial kit, that is operated by a remote-controlled device.
6. Junk Drawer Robotics-based curriculum robot

Team Robotics Project

Robot designed and constructed by 2 or more 4-H project members. The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit. This division is designed to encourage teamwork and cooperation among fellow 4-H members. As with many high tech projects today, no one person designs and builds a robot alone. It takes the brainstorming, planning, problem solving, and cooperation of an entire team to complete a given robotics project.

Class #

7. Team Robotics Project

4-H Aerospace/Rocketry
Department 130

- A. All rockets must be constructed during the current 4-H year.
- B. If a rocket qualifies for the Kansas State Fair, exhibitors should read the State Fair rules for the Rocketry division as they may be different from those at the county fair.
- C. Up to four rockets may be entered. Each one judged separately.
- D. Reports, plans and photographs required. Must include instructions on how to construct the rocket, photos from both construction and launch, documentation of flight damage, modifications, calculations, etc. Read and follow instructions on Rocketry sheet included in fair packets.
- E. For the purpose of Kansas 4-H STEM a mid-powered rocket is defined as a rocket that uses an "E", "F", "G" or equivalent engine for launch. In addition, rockets also qualify for mid-power if they meet any of the following criteria:
 - Are 2 inches or greater in diameter (not including fins) and taller than 3 feet (36 inches including fins) and do not use an engine (s) exceeding 160.01 Newton seconds of total impulse (an "H" engine equivalent or above).
 - The total impulse of all engines used in the rocket is greater than 20.01 Newton-seconds and less than 160.01 Newton-seconds.
- F. Rockets are to be displayed upright on a display stand with a sturdy rod that does not extend past the top of the rocket or stand unassisted, unless the rocket is taller than 4 feet, in which case no display stand is required and the rocket may be displayed on it's side.
- G. Rockets are not to be displayed with rocket engines, whether used or unused.
- H. Rockets should be flown unless there is an active burn ban in the county.
- I. Angles of fins must follow the official fin guide, found at <https://www.engtech4ks.com/>. Fins are to be filled and sealed and properly secured.
- J. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey full and complete construction techniques.

**RULES AND REGULATIONS
COVERING THE THOMAS COUNTY
FREE FAIR IN COLBY, KANSAS
July 21-26 2025**

RULE I — GENERAL RULES

Section 1 The Thomas County Free Fair reserves the directors the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard to, or otherwise arising out of, connected with or incident to the fair.

Section 2 The management reserves the right to use their judgment to amend and add to these rules as they deem advisable. In case of conflict between general and special rules, the latter will govern.

Section 3 Any person who violates any of the following or special rules will forfeit all privileges and premiums and be subject to such penalty as the board of directors may order.

Section 4 The following rules and regulations will apply to each and every department of the fair. Exhibitors and concessionaires are required to familiarize themselves with all rules.

Section 5 All entries must be filed with the secretary not later than the date and time specified. The management reserves the right to reject any entries offered.

Section 6 All articles must be claimed by 9:00am on Saturday. Premiums will not be awarded to any animal leaving before release time unless approved by Livestock Committee.

Section 7 All entry forms and/or carbon copies must remain at the office of the secretary and claim checks will be issued for the articles listed.

Section 8 All property of any character entered for competition, display or for any other purpose of being anywhere on the fair grounds, shall be subject to the control of the secretary.

Section 9 In no case shall the Thomas County Free Fair or its board employees be held responsible for any loss, damage, accident, injury or death from any cause of people or animals (diseases included) or of any charges, while they or their property are on the fair grounds.

Section 10 If the property owners or others interested in the property desire protection against loss or damage from injury, against fire or from other causes they must make their own arrangements and pay for such insurance.

Section 11 Exhibitors will be requested to keep their places and stalls in a clean condition by removing any filth or shavings from in front of and behind pens and stalls and place such items conveniently in the correct disposal area.

Section 12 If any exhibitor or participant has any outburst or differing opinions to the ruling of any award committee, judge, superintendent

**4-H Robotics
Department 129**

- A. Each exhibitor may enter three robots per class. Exhibit must have been constructed and/or completed during the current 4-H year.
- B. Each robot must be free-standing, without the need for additional supports in order to be moved or exhibited
- C. Robots must have automated reticulated structures (arms, wheels, grippers, etc.). Game consoles that display on a screen are not considered robots and should either be entered in computer science systems division or electric and renewable energy division. Robots requiring no assembly, just programming, such as Ozobots, are considered computer science systems projects as the skill is focused on the programming not on the construction of the robot.
- D. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds.
- E. Materials including but not limited to obstacles, spare batteries, and mats for testing the robot may be placed in a separate container, which is not included in the robots' dimensions. That container may not be larger than 576 cubic inches as measured along the outside of the container (Examples: 4"x4"x36" or 4"x8"x18" or 6"x6"x16"). The container, if used, and/or any large objects (such as mats or obstacles) should be labeled with the exhibitor's name and county.
- F. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
- G. Robots may be powered by an electrical, battery, water, air or solar source only. Junk drawer robots may be powered by a non-traditional power source. Robots powered by fossil fuels/flammable liquids will be disqualified. Robots that include weaponry of any kind will be disqualified.
- H. Remote controlled robots are allowed under certain conditions provided that the robot is not drivable. Robotic arms (hydraulic or electric) are allowed. A remote is allowed, provided more than a single action happens when a single button is pressed on the remote, for example "a motor spins for 3 seconds, at which point an actuator is triggered, then the motor spins for 3 more seconds." Remote controlled cars, boats, planes and/or action figures, etc. are not allowed.
- I. Each robot must be in operable working condition. The judges will operate each robot to evaluate its workmanship and its ability to complete its intended task.
- J. In the event that the robot uses a phone, tablet or similar device for programming AND operation, DO NOT include the device (phone, tablet, etc.). The device's safety cannot be insured. Instead, record a video demonstrating the instructions included for your robot. It should show, setting up the robot, starting the robot, the robot executing its task, and powering off the robot, just like the instructions are written.
- K. Each exhibitor is required to complete the "4-H Robotics Exhibit Information Form." In addition, the exhibit must include written instructions for operation, construction plans, and 1-5 pages of project photos. In addition, include a video of the youth following their instructions for operation. The video should be no longer than 8 minutes and placed on a USB drive.
- L. Creativity, workmanship, and functionality will be strong criteria in judging the "Robot designed by Exhibitor" classes. All robots should have a purpose or intended function (For example, following a line, sweeping the floor, etc.).
- M. Exhibitor's name(s) must be tagged or labeled in a prominent location on the robot.
- N. There are no county or district boundaries that must be adhered to in order to form a Kansas 4-H Robotics team. However, each team member must be currently enrolled in the Kansas 4-H Engineering & Technology project.
- O. Judging will occur Monday afternoon of the fair. Exhibitors are encouraged to be present at judging to

4-H Computer Science **Department 128**

- A. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
 - B. Educational display boards, notebooks and posters should be entered in Departments 133, 135 & 136. Please see the local extension office to discuss state fair requirements for these divisions.
1. The actual construction of computer hardware (For example, building a computer, which would include computer components plugged into a motherboard, discrete circuitry soldered on a printed circuit board, or wire-wrapped circuitry) will be entered in the Electronics Division., except for exhibits entered in Class 5594.
 2. If a safety violation is noted by the judge, superintendent, or other staff, the exhibitor's exhibit, at the judge's discretion, will be disqualified. A safety violation could include Malware, a virus, or any similar program that potentially is harmful.

Exhibit Requirements

1. All exhibits in the Computer Science division must be entered on a USB drive containing all supporting documents as listed below for each class.
 - a. The USB drive should be included in a manila folder with the Computer Exhibit Form (found at <http://computers.engtech4ks.com/>) attached to the front.
 - b. The USB drive should be labeled with the 4-H member's name and county.
2. Source code must be included on the USB drive for all computer programming projects coded by the 4-H member. This could include a .txt file, python file, Scratch URL, etc. Failure to include the source code will result in one ribbon deduction.
3. Each exhibit must include written operating instructions including how to locate, run, and use the project. Operating instructions should be printed and placed in the manila envelope and included digitally on the USB drive.
4. Each exhibit must be accompanied by a typed requirements document included on the USB drive. See [link] for a template that can be used for documenting requirements.
 - a. The requirements document should be started at the beginning of the project. It will include a list of goals and requirements that the 4-H member wants to include or achieve in their final project.
 - b. The project requirements section is formatted as a checklist, with the 4-Her checking off what they accomplished and adjusting throughout their work on the project as needed.
 - c. Flow charts, designs, or other diagrams may be included for computer programs to show the logical flow of the program as needed.
5. For coded computer programs, screenshots of the program will be displayed digitally at the state fair. Screenshots must be included electronically on the USB drive. For county fairs, it is recommended to print screenshots for display at fairs.
6. All electric components of micro controlled devices must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
7. Visit the extension office to determine county fair judging requirements.

1. Computer program, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a 'word document' or a picture drawn in 'Microsoft Paint').
2. Coded website built entirely by the 4-H Member (not using a pre-made template generator such as Wix or Squarespace). Items in this class could be coded in HTML, CSS, JavaScript, WordPress, or other web-based programming languages or platforms.
3. Microcontroller or microcomputer application - a small circuit board that is programmed to accomplish a specific task (projects built and programmed using Raspberry Pi, Arduino, etc.)

or any official of the Thomas County Free Fair, the board of directors can prevent exhibitor or participant from competing for a premium or exhibiting on the grounds of the association until they have made proper apology and been reinstated by a majority of the whole board of directors.

Section 13 The Superintendent shall exclude livestock from competing should there be any unnecessary or embarrassing delay on the part of the exhibitor in bringing the animals into the show ring.

Section 14 Exhibitors shall show their animals at such times and places as may be directed and shall furnish such information concerning their stock as may be required by the superintendent and the refusal to do so will result in forfeiting of any and all claims to awards.

Section 15 Special care will be taken that no animal having a communicable disease of any nature, enters the grounds at any time during the fair. All livestock must be healthy and originated in a herd apparently free from infectious and contagious diseases. All livestock must comply with state and federal regulations affecting intra- and inter-state movement.

Section 16 Nothing shall be sold or given away or otherwise disposed of by exhibitors which may in any way conflict with or which is the subject matter of any privileges or concessions granted or sold by the Thomas County Free Fair.

Section 17 Exhibitors must provide their own liability insurance.

Section 18 Exhibitor ages will be determined as of January 1 of the current year. Exhibitors 12 and under will be considered Juniors and those 13 and over will be Seniors unless specifically designated differently by department.

Section 19 4-H items exhibited in the 4-H building will receive stickers in lieu of a ribbon. Stickers may be exchanged when premium checks are picked up.

Section 20 If anyone is caught parking in the handicap area they will be ticketed.

RULE II – REMOVAL OF **OBJECTIONABLE EXHIBITS AND** **DISPLAYS:**

Section 1 The management reserves the right to remove from the fairgrounds any exhibit, animal, concession or show that may be falsely entered or may have any sign, banner, or advertising matter of any kind which may be deemed unsuitable or objectionable by them without assigning a reason.

RULE III—CONCESSIONS & COMMERCIAL SPACES

Section 1 The board of directors authorizes the commercial spaces or concessions as are necessary to supply the wants of the people or that may add to their comfort, convenience, or pleasure, but under no circumstances will a privilege of a questionable nature be allowed or any matter tolerated where the business is conducted in any other than a legitimate and trade-like manner. The sale of alcoholic liquors is strictly prohibited unless approved by the County Commissioners.

Section 2 Parties desiring to purchase commercial and concession spaces can do so any time on application to the secretary on or before the opening day of the fair.

Section 3 All space allotted must be improved and decorated by the purchaser at their own expense.

Section 4 Each concession must confine itself to the space assigned. Failure to do so will subject them to forfeiture of his privilege.

Section 5 The board of directors will use every precaution to guard against extortion of any form upon patrons of the fair. A violation of this rule by any concessionaire will cause the forfeiture of contract, and money paid and expulsion from the grounds as the management or superintendent may direct.

Section 6 Access to concessions. Any official representative of the Thomas County Free Fair shall have access to the premises of any exhibitor or concessionaire at any and all times.

Section 7 Care of Concessions. All buildings and ground space are to be kept neat and clean. The concessionaire is to deposit all waste in the receptacles provided by the Thomas County Free Fair and is to conduct their business in a quiet and orderly manner.

Section 8 Buildings, stands, all booths, tents and other constructed enclosures must meet with the approval of the Thomas County Free Fair management.

Section 9 Price Signs: A sign shall be posted at the front or entrance of each stand or enclosure, showing the prices charged for lunches, meals or drinks. The signs are to meet the approval of the management and to be in view of the customers at all times .

the story or on a separate page.

- M. Artistic designs, such as recreating the “Mona Lisa” or sculptures like “David” are not permitted as exhibits and should be displayed in Visual Arts.
- N. The exhibitor’s name and county must be labeled in a prominent location on the display.
- O. Each exhibitor is required to complete an information packet including:
 - The “4-H Building Block Engineering Exhibit Information Form” which is available at the Extension Office and from the KS 4-H website.
 - 1-5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state. These help in determining where a part might go in case something comes loose.
 - If appropriate, operating instructions for mechanical portions of the diorama.

Class

1. Interlocking brick diorama built from scratch

4-H Astronomy Department 127

- A. Each exhibitor may enter one exhibit per class. Exhibits must have been completed during the current 4-H year.
- B. Telescopes entered in this division may be built from a kit or by original design. Pre-finished telescopes which require no construction are not acceptable exhibits.
- C. Telescopes are limited to no more than six feet in length. They must be placed on a stationary stand that does not allow the telescope to roll and/or fall over. The stand cannot extend past two feet in length or width.
- D. Each telescope exhibit must include a “4-H Astronomy Exhibit Information Form,” which should be attached to the outside of a 10” x 13” manila envelope. You must also include construction plans (or a photocopy) of the telescope and place it inside the manila envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
- E. At least two photographs showing telescope construction and operation are required. Photographs should be mounted on one side of an 8 ½” x 11” page. A brief caption should accompany each photograph. Place photos in the 10” x 13” manila envelope. Up to 10 pages of photos can be included.
- F. The telescope must be properly assembled and painted with a smooth and uniform finish. Decals, if used, should be attached smooth and tight.
- G. Telescopes designed by the exhibitor must be original, not a modification of an existing kit.
- H. Educational displays should showcase something specific the 4-H member has learned in the Astronomy project during the current 4-H year. Follow copyright laws. Site your sources of scientific information on your exhibit, when appropriate. No electricity will be provided. These are to be entered in Department 133.
- I. Exhibitor’s name, county/district, age, and year(s) in project must be tagged or labeled in a prominent location on the telescope stand.
- J. For all divisions, if a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a participation ribbon.
- K. For KSF, exhibitors may create an optional video about their project. See KSF Rule book for more info.

4-H Building Block Engineering

Department 126

- A. Each exhibitor may enter one exhibit. Exhibit must have been completed during the current 4-H year.
- B. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep. The minimum exhibit dimensions must be at least 6 inches wide and deep.
- C. All exhibits should be placed in a sturdy see-through enclosure with a top, bottom, and 4 sides. A clear tub turned upside down with the exhibit on the lid would be an acceptable enclosure. The outer dimensions of the enclosure do not count as part of the total exhibit dimensions. The entire exhibit should fit in the display enclosure so the enclosure does not smash into the exhibit during movement.
- D. All components used in construction should be dust and hair free, clean, free of chips, scuffs, cracks or broken blocks.
- E. Gaps or cracks should not be visible between assembled blocks, unless they fit with the story (ex. Earthquake)
- F. The primary building component should be interlocking blocks commonly referred to by the brand name of Lego®.
- G. Other components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks. (For example, marbles for small round objects)
- H. The use of existing “store bought” sets for major elements of the display is not allowed, use of figurines from sets is allowed as is using individual bricks to create something different than the set it came from.
- I. Dioramas should be suitably complex and have multiple elements, for example, a camp site that has a log cabin, a tree fort and a car.
- J. All dioramas should have a story, which is part of the informational packet, that describes what is happening in the diorama; this can be as simple or as complex as necessary to explain to someone what is happening in the exhibit.
- K. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue or other method.
- L. Mechanical enhancements or elements that add motion to the diorama are acceptable and encouraged. For example, merry-go-rounds, doors, elevators, gears, marbles going down a channel, flapping wings, etc. If included, judges should be able to use the elements and instructions should be provided for operation either in

2025 LIVESTOCK REQUIREMENTS FOR KANSAS COUNTY FAIRS

GENERAL REQUIREMENTS

All animals are subject to examination by the exhibition staff or their representatives and shall be free of clinical signs of infectious or contagious disease. Animals determined by exhibition staff to have not met listed requirements will not be permitted to exhibit. **A certificate of veterinary inspection (CVI, Health Certificate) issued by a licensed and accredited veterinarian in the state of origin within 30 days before the exhibition** is required for the Thomas County Fair for cattle (including bucket calves), sheep, goats, and swine.

Livestock Originating from Other States – All livestock originating outside of Kansas must meet Kansas import requirements and must have a valid Certificate of Veterinary Inspection.

CATTLE (BEEF, DAIRY) AND BISON

All cattle and bison must meet the General Requirements.

Cattle determined by exhibition staff to have lesions of ringworm, warts or infested with mange will not be permitted to exhibit.

Cattle Originating from Other States

All cattle must have official ID, and ID must be individually listed on the accompanying CVI.

GOATS

In addition to the General Requirements, all goats must be:

Identified with a registered tattoo or an official USDA premises ID tag (Scrapie tag.) Goats identified with registration tattoos must have legible tattoos and must have registration papers for these animals available for inspection.

Free of any signs of sore mouth.

Free of clinical signs of active fungal (ringworm) infection.

Goats Originating from Other States

All goats must have official ID, and ID must be individually listed on the accompanying CVI.

SHEEP

In addition to the General Requirements, all sheep must be:

Identified with a registered tattoo or an official USDA premises ID tag (Scrapie tag.)

Free of any signs of sore mouth.

Free of clinical signs of active fungal (ringworm) infection, including club lamb fungus. Lambs found to be exhibiting signs of a fungal infection will not be unloaded on the fairgrounds unless the owner has a lab test from a licensed veterinarian certifying that it is NOT an active fungal infection.

Sheep Originating from Other States

All sheep must have official ID, and ID must be individually listed on the accompanying CVI.

SWINE

All swine must meet the General Requirements.

Swine Originating from Other States must also meet one of the following:

All swine must have official ID, and ID must be individually listed on the accompanying CVI.

All swine must obtain an import permit number prior to movement into Kansas.

HORSES

All horses must meet the General Requirements.

A comprehensive vaccination protocol is recommended, but not required by KDAH.

Kansas Origin Horses – A valid VS Form 10-11 showing evidence of a negative Equine Infectious Anemia (Coggins) test conducted by a state-approved laboratory within 12 months prior to exhibition is required for Thomas County Fair.

Horses Originating from Other States must be accompanied by a valid VS Form 10-11 showing evidence of a negative Equine Infectious Anemia (Coggins) test conducted by a state-approved laboratory within 12 months prior to entry into Kansas. Foals six months of age and younger, accompanying their EIA-negative dams, are exempt from EIA test requirements.

POULTRY

- A. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
- B. Wheeled exhibits must utilize a braking mechanism which prevents the exhibit from freely rolling while on display. This includes sufficient braking or "chocks" for trailer exhibits.
- C. Exhibits with downward swinging parts, such as tailgates, that could pose a fall/striking/crushing hazard, should have a tamper resistant locking mechanism such as a "zip-tie" or a "cotter-key" through a release pin that would prevent the swinging part from being accidentally released and falling on someone.
- D. Each exhibit must be free-standing or sufficiently supported to allow for movement by the superintendent as well as to prevent it from toppling over.
- E. Painting or spot painting is not allowed on projects after arrival on fairgrounds.
- F. Repair projects having adequate original finish need not be repainted.
- G. Cutting surfaces, such as blades, are to have a protective covering over them to prevent injury. Covering should be easily removed and reinstalled for judging.
- H. If a safety violation is noted by judges, superintendent or staff, the exhibit will receive a deduction in ribbon placement.
- I. Display cases for small exhibits are acceptable and must be easily opened so the item can be removed and examined as part of judging.
- J. If the exhibit is powered by flammable liquids, the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires. Electric powered exhibits should have a primary shutoff or disconnect switch.
- K. The exhibitor's name and county must be tagged or labeled in a prominent location on the display.
- L. Each exhibitor is required to complete the "4-H Ag Mechanics Welding Exhibit Information Form" for each exhibit, except for display boards, which is available at <http://welding.engtech4ks.com/>. This form must be attached to the outside of a 10" x 13" manila envelope. Do not tie the envelope to the exhibit. Must use current year forms must be obtained and used that are dated by the State 4-H Office for the current year.

Each exhibit information packet should include the following items:

- Bill of materials for the project with associated costs, scrap items used may be listed as having a \$0.00 cost.
- 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state.
- If appropriate schematics or working drawings relating to the creation or repair, this is not required for display boards.
- If appropriate operating instructions.

Class #

Intermediate Division (Ages 9-13)

This level is designed for youth with some experience in the project area allowing them to expand on common principles and methods in the given area.

1. Intermediate Welding Ag Repair. Repair of ag equipment with welding.

- C. Photos may be color except if Black and White option is chosen and must be unmounted.
 - D. An information sheet must accompany each photo giving brand and model of camera used to create the photo. The settings for focal length, aperture, mode and shutter speed must also be listed. The form for this information is available on the Kansas4h.org website as a form fillable document and is required.
 - E. A one-page summary should accompany the portfolio listing the goal for pursuing this area of photography and what skills were learned while doing so. Mentors should be acknowledged. Career exploration can also be described.
 - F. Exhibit will be presented in a notebook designed for portfolio review with pages for required information from "D" and "E".
5. My Favorite 4-H Photography Display
- A. This is a "display only" class.
 - B. Eligible members must have enrolled in photography for ten (10) or more years.
 - C. Requirements are:
 - * Choose a total of four (4) of your favorite photos from any of the years enrolled in photography. If used previously in competitive exhibits, removal of data slips and stickers. If the photo is an unmounted print, mount it using standard 4-H requirements and matte board.
 - * Develop a short biography piece.
 - * Tell how/when an interest in photography began.
 - * Explain why each of the four photos is a favorite.
 - * Share the skills learned because of photography. Think beyond the camera skills and include leadership, community service, etc.
 - * Tell of any mentors/leaders worked with.
 - * Share workshops or camps pertaining to photography you attended.
 - * Explain (if relevant) any plans to use photography skills beyond 4-H/High School.
 - * Include a small (2 X 3) photo of yourself at the start of the biography.
 - * Print the biography document and mount it on a standard matte board.
 - * Place name and Extension unit on the back of each of the 5 mat boards in the upper right-hand corner.
 - * This exhibit does not have to qualify at the county/district level to exhibit at the Kansas State Fair.
 - * There is no data slip required.

**Portfolio classes will be evaluated separate from Photography classes 1 & 2. A Grand and Reserve Champion will be given for each portfolio class and entries will not be divided by exhibitor age.

Portfolio Classes

Champion Ribbon and Reserve Champion Ribbons
Premiums: Purple \$4.00 Blue \$3.00 Red \$2.00 White \$1.00

Class

- 3. Growth Portfolio
 - A. Member is eligible for this class beginning with the third year of enrollment in the 4-H photography project.
 - B. Exhibit will consist of one photo for each year of enrollment. Each photo must have been created in a different year and must be labeled with the year taken/project enrollment year. A maximum of 5 photos may be included if the member has 5 or more years of enrollment. Photos are not required to be in a consecutive order. For example, a nine-year-old with three years enrollment in photography is eligible to enter a growth portfolio. The portfolio in this example should have one photo from the seven-year-olds year, one photo from the eight-year-olds year, and one photo from the nine-year-olds year. The growth portfolio class may start at any time in the member's photography career. For an older member, the growth portfolio would represent any five years in the project, for example, years 1,3,5,7 and 9 for a member having project enrollment totaling 9 years.
 - C. Photos must be 8" x 10" and may be color or black and white and must be unmounted.
 - D. An information sheet must accompany each photo giving brand and model of camera used to create the photo. Settings for focal length, aperture, mode and shutter speed must also be listed. The skill set used to create the photo must be given and fully explained. The main goal for each year should be given. The form for this information is available on the Kansas4h.org website as a form fillable document and is required.
 - E. A short introduction of the photographer should be placed in the first page The introduction should tell why the 4-H member enrolled in the photography project and why they have continued to enroll. Beginning with photo 2, member description of GROWTH in project skill must be included on information sheet.
 - F. Exhibit will consist of an introductory page, skill sheet, and photo from each year in chronological order of enrollment and arranged in a portfolio book. Skill sheet will go in the left hand page and unmounted photos in the right hand page.
- 4. Career Portfolio
 - A. Member must have been enrolled in Photography for 5 (five) or more years OR member must be age 15 -19 and been enrolled in photography for at least two (2) years.
 - B. Exhibit will consist of ten (10) 8 x 10 photos showing skill development in one of the following photography areas: Portraiture, Special Effects (not done with computer), Landscape, Photo Journalism, Black and White, Nature/Wildlife or Graphic

- E. The Kansas State Fair has developed a pilot program for 2025, see Kansas State Fair book for rules and guidelines if intending to participate with this project at the State Fair.

Department 122

- A. An entry card must be attached to the exhibit with safety pin(s) or tape and string.
- B. Attach a summary including plans, explanation of how the item was made or refinished, and how it fits into the color and design of the room. Summary could also include project inspiration, challenges, who helped you, and any other information that could be helpful to the judge (ex., cost, pictures, plans, patterns, etc.). Summary should be in a plastic protective sleeve and attached to exhibit. Summary will not be judged, but will qualify the exhibit to be judged and will be helpful to the judge and fair audience.
- C. Projects with missing or insufficient summary will be lowered one ribbon placing (i.e. a blue ribbon exhibit will receive a red ribbon).
- D. Exhibits should be of high quality, suitable for use in the home several months throughout the year. Holiday-specific items are discouraged.

- L. **Educational Exhibits** may be in the form of a poster, notebook or display. Follow copyright laws. Take care to select materials that will withstand Fair conditions. No card table displays are allowed. NOTE: A collection of your favorite recipes in a recipe box or notebook does not constitute an educational exhibit. These displays are to be entered in Department 133.
- M. **Food Gift Baskets/Package** No alcoholic beverages will be accepted. A food gift basket/package must contain at least 3 different food items (prepared for human consumption and not of the same category) by the 4-H member, in a suitable container no larger than 18"x18"x18". Prepared food items must have recipes attached with the entry. Additional homemade food items beyond the 3 minimum or purchased items may also be included in the gift basket. On an attached 3 x 5 card, answer these questions: a) what is the intended use; b) what food safety precautions were taken during and after preparation.

- A. All exhibits must have been preserved since the previous fair, and not been exhibited at the previous State Fair.
- B. Recommended recipes and processing method must be used. Recipes must be from current tested resources below and must be adjusted for altitude. Processing methods that will be disqualified include: open-kettle canning, oven canning, sun canning, and using electric multi-cookers. Untested recipes will be disqualified for food safety reasons. Follow guidelines in K-State Research and Extension Food Preservation recipes and publications or "USDA's Complete Guide to Home Canning" (2015); or "So Easy to Preserve, 6th Edition, The University of Georgia Cooperative Extension Service"; or "Ball Blue Book Guide to Preserving, Edition 37" or "Ball Complete Book of Home Preserving, (2015 & 2020)" or Canning mixes (i.e. Mrs. Wage's, Ball), or Pectin Manufacturers (i.e. SureJell, Ball). Pickles and sweet spreads must be finished using the water bath process for the altitude of residence. Low acid products must be pressure processed properly for the altitude of residence. NOTE: We are HIGH Altitude — adjustments will be needed!
- C. No alcohol should be included as an ingredient in food preservation entries. Entries with alcohol in the recipe will be disqualified and not be judged.
- D. Each exhibit *must* have the *complete recipe* and instructions attached with the entry card, or it will be lowered one ribbon placing. Recipe must include exhibitor name, recipe source, date of publication and altitude of where food was processed. If using Mrs. Wage's or Ball mixes, indicate the date the mix was purchased.
- E. Exhibits must be processed in clean, clear standard canning jars, with matching brand (use Ball lids on Ball jars, or Kerr lids on Kerr jars, etc.) two piece lids. Do not use colored jars. Do not add fancy padded lids, fabric over wraps or cozies as they interfere with the judging process. No fancy packs unless recipe states to do so (ex: Pickled asparagus). Jars must be sealed when

4-H Foods & Nutrition **Department 121**

Refer to K-State Research and Extension publications- 4-H488, Judge's Guide for Food and Nutrition Exhibits, and MF3544, Food Safety of Frostings and Fillings for information to help you make informed, safe food exhibit decisions.

- A. 4-H members will be given a time for conference judging. They are to bring their food at that time.
- B. Exhibitors can make up to three different entries of the same kind of food product (ex. No more than 3 types of baked cookies and 3 types of no-bake cookies, etc.) Exhibitors may select their own recipes. Baked items may be made from a favorite recipe or commercial mix.
- C. Complete recipes with ingredients and instructions must be attached (or provided) with each entry, or the placing will be lowered one ribbon.
- D. No alcohol should be included as an ingredient in food entries. Entries with alcohol in the recipe will be disqualified and not be judged.
- E. The entire product must be entered and uncut. Exhibit 3 small items of the same kind (ex. Cookies, muffins, biscuits, bread sticks); 1 large item (ex. Loaf of yeast bread, pan of brownies, whole pie)
- F. All exhibits must be baked and loaves must be whole and uncut. Cookies and rolls must be the same shape and same recipe. Any baked item that can be removed from the pan should be placed on a plate, covered cardboard or disposable container of appropriate size for the exhibit.
- G. Non-perishable food products (safe at room temp) may include: cookies, brownies, muffins, biscuits, sweet rolls, yeast bread, specialty bread, cake (frosted or unfrosted)
- H. All un-frosted cakes should be exhibited in an upright position with crust showing. The exception is for those cakes made with special designs such as Bundt cakes. They should have top crust side down.
- I. After being judged, non-perishable items will be sold at a table in the 4-H building. Proceeds will go to the County 4-H Council.
- J. Classes marked (**) are not eligible for the State Fair. Perishable foods (are temperature sensitive) include: fruit salad, vegetable salad, vegetable dip, fruit dip, sandwich, nutritious beverage, main dish. Perishable foods and foods with custard and dairy-based fillings and frostings (ex. Cream cheese), raw eggs, flavored oils, or unbaked exhibit with raw flour (ex. No bake cookies) cut fresh fruit or any food requiring refrigeration (ex. Bacon) should be exhibited under proper temperature conditions and may not be taste-tested at the discretion of the judge. Also, they may not be sold for food safety reasons. "Canned" bread or cakes in a jar will be disqualified. *Hot foods must be hot and cold foods cold.
- K. For food safety reasons, any entries with frostings and fillings must calculate the amount of sugar in the frosting/filling recipe only. Calculation must be attached to entry, or the placing will be lowered one ribbon when judged. Frosting and fillings need to contain more than 65% sugar for safety. Examples on how to calculate this percentage are included in the publication: MF3544- Safety of Frostings and Fillings. This can be found at the Extension Office or from the KSRE bookstore.

5. Shopping in Style: Intermediate (age 10-13)– Choose one of the following activities from Unit 3 or Unit 4 of the curriculum project manuals. Exhibit should consist of a display that showcases:
 - an outfit you purchased to wear with a clothing item that was already in your wardrobe that still fit but you didn't wear anymore. Explains why the clothing item was not being worn and what you did to transform it into a wearable garment again. OR
 - a top and bottom that you purchased, as well as at least three pieces of clothing in your existing wardrobe that you can mix and match with the new items to create multiple outfits. Includes a clothing inventory and explain what you have learned by completing this activity. OR
 - an outfit you purchased and explain why you selected the garment you did, your shopping budget, and cost per wear; OR
 - an outfit you purchased and explain how advertising influences clothing purchases making a distinction between wants and needs. Include your shopping budget and cost per wear. OR
 - an outfit you purchased along with a cost comparison between garments/accessories purchased vs. sewing/constructing the outfit. Comparison should include variety of shopping options and/or price tracking at stores over a period of time.

14. **Agility IV (off lead)** - For all handlers with dogs who have scored at least 170 points in Agility III
 Agility IV will be scored the same way as Agility III with the same obstacles and course requirements plus the following additional requirements.

- A delimiting line will be drawn at least 6 feet from two different obstacles. The dog must complete the obstacle without the handler crossing the line. The obstacles may be consecutive or in two different areas of the course but should not be the first or last obstacles. The line can be used to mark off one end or section of the course or to mark off individual obstacles. A failed distance test will automatically result in a non-qualifying score.

- It is the judge's discretion whether to include the designation for the location of the distance line when designing the scoresheet. This can be decided after set-up when walking the course.

- The weave poles can be used twice and can be used in the place of a contact or tunnel/barrel obstacle.

Shopping in Style Fashion Revue

Champion Ribbon and Reserve Champion Ribbons
 Premiums: Purple \$4.00 Blue \$3.00 Red \$2.00 White \$1.00

The Shopping in Style project is for all 4-H members. The purpose of the Shopping in Style project is to educate participants regarding cost, fit, and use of garment. Participants will learn how to best dress and present themselves while discovering their own "style" and having fun while being part of the project. While there will be, at times, hand-me-downs and gifts in a wardrobe, that is not the purpose of this project. 4-H members should be selecting the clothing themselves so they can best explain why they are choosing and purchasing the items they did.

- A. Garment must be purchased/obtained for the 4-H project or made by another individual for the 4-Her, if the fabric and pattern were chosen by the 4-Her.
 B. A maximum of five (5) garments/outfits will be judged/ modeled in Shopping in Style.
 C. Photographs of each Shopping in Style outfit judged and modeled must be available for display at the county fair in order to receive a premium.
 D. No garments/outfits that are issued to the 4-H member such as school or team uniform are eligible.

mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Digital formats are accepted. Please make arrangements for the judge to view your exhibit and have a hard copy for display. Exhibit is limited to four feet of table space.

6. Mineralogy-Display a minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. The minerals are to be grouped by mineral class (i.e. Carbonates, Oxides, Silicates) and at least 3 classes must be represented. The member must use one standard display box (see #1). The specimens must be labeled with the number of the specimen, date collected, name of specimen, County where collected and chemical composition (i.e.: CaCO₃ for calcite) if known.
7. Fossils-Display a minimum of 15 fossil specimens collected during the current 4-H year. The fossils are to be grouped by Phylum and Class, and at least 3 phyla must be represented (Brachiopoda, Chordata, Mollusca, etc.) The member must use one standard display box (see #1). The specimens must be labeled with the number of the specimen, date collected, county where collected, formation, member, or source; phylum, class, and genus or part; and geologic age (Cretaceous, Permian, Pennsylvanian, etc.)
8. Rocks-Display a minimum of 15 rock specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. Rocks are to be grouped by the 3 rock classes (Sedimentary, Igneous, and Metamorphic). You must display at least one specimen from each of the three classes. The specimens must fit in one standard display box. Specimen labels must include a specimen number, the date collected, name of specimen, and the county where collected. All rocks must be identified by the formation and member name (Examples: Fort Hays Limestone, member of the Niobara Chalk Formation) or source (Examples: Rocky Mountain Outwash, glacial till).
9. Lapidary display. See the State Fair book for specific information.

4-H Wood Science Department 117

- A. Not more than two articles may be shown by one person in each class.
- B. **The plan from which it was constructed must be with the article exhibited.** The plan may be a photo copy, the actual pattern, or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. Note: A step-by-step set of instructions is not a plan.
- C. Projects with missing or insufficient plans will be lowered one ribbon placing (i.e. a blue ribbon exhibit will receive a red ribbon).
- D. The use of materials other than wood should be kept to a minimum.
- E. Projects that have unsecured glass, i.e., glass shelves, glass top of a coffee table, etc., should not be brought to the fair. Glass that is secured in the project, i.e., glass front of a gun case or cabinet, etc., is permissible since it cannot be easily removed.
- F. The entry card, plans and all other paperwork should be secured to the project in some manner. Tape is usually not adequate to accomplish this. It is recommended to use a zip top plastic bag with a hole punched through it and using string to tie this to the exhibit.
- G. Refinished/repainted furniture should be exhibited in Department 122: Interior Design & Architecture- Class 1-Single Exhibit.
- H. Projects made from pre-cut kits are not allowed.
- I. In judging woodwork articles, consideration will be given to: Workmanship, including accuracy to the plan; Design; Choice of wood; Suitability and quality of finish; and Usefulness.

- For 4-H members enrolled in Intermediate Entomology.
16. *Advanced Monarch Butterfly Educational Display.* For 4-H members enrolled in Advanced Entomology.

4-H Geology Department 116

- A. The exhibit box should be 18" x 24" x 3½". Plexiglas covers are required. Boxes with glass covers WILL NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. If a box has a sliding Plexiglas cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used.
- B. Each exhibitor is required to identify each display box by placing an identification label bearing name, county or district, and number of specimens in the upper left hand corner of the Plexiglas cover (inside-use clear double sided tape to adhere gummed labels), and by attaching a label with the same information on the lower right corner of the box (outside).
- C. Exhibitor may show in only one of the geology display classes (1-4). Exhibitor may also show in geology class special exhibit, and the lapidary class.
- D. Geology specimens should be labeled with the number of the specimen, date collected, specimen name or description, and locality (county only) where collected.
- E. For the geology classes, specimens should be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words "phylum, class, genus" on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopod Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
- F. For geology classes, all specimens must be collected (not purchased) from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out of state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

guidelines listed for Notebooks, including the Special Project. Family identification is required for all insects in any two of the following orders:

- “Insects in Kansas” book— Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera
- “Insects in Kansas Book: 2016 Revised Taxonomy,” follows www.bugguide.net— Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera.

A 4-H member may exhibit in this class for a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair.

10. *Advanced Entomology Notebook.* Display a minimum of 100 and a maximum of 200 species representing at least 12 orders. Follow the general rules listed for Notebooks, including the Special Project. In addition, family identification is required for all insects in the six basic orders as outlined under the Intermediate phase. Family identification in the remaining orders is optional, but desirable as long as accuracy is maintained. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for 4-H membership.

EDUCATIONAL DISPLAY CLASSES

- A. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into Entomology Collection or Notebook classes above.
- B. Follow copyright laws as explained in the General Rules.
- C. The exhibit may be, but isn’t limited to, original works, digital presentations (must provide printed hardcopy for exhibit purposes for duration of fair), programs, websites, games, apps, display box, notebook, display, or poster which you have made.
- D. If the exhibit is a wooden display box, it must be 18 x 24 x 3.5 inches with a clear plastic top and displayed horizontally. Boxes can be handmade or purchased as long as they are of the correct size and do not have a glass top. If the exhibit is a poster, it must not be larger than 22 x 28 inches. If the exhibit is a display, maximum size is not to exceed a standard commercial 3’ X 4’ tri-fold display board.
- E. Name and county must be clearly marked on educational exhibits.
- F. Refer to Entomology General Rule “M” for information on Threatened and Endangered Species that cannot be displayed in Educational Exhibits.

improve your collection during the current year. See KSF book for more info. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible in 4-H membership.

NOTEBOOK CLASSES

- A. Individual entries are to be placed for display in a three-ring notebook for competition.
- B. 4-H members who have previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the introductory phase.
- C. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitors name, county or district and class 4-H member is enrolled in and statement of taxonomy used:
Option A: "Insects in Kansas" book, or
Option B: which follows www.bugguide.net
The number of orders, specimens and families (required in Intermediate and Advanced classes) must also be included on the Title Page.
- D. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insect should be used.
- E. Date, common name, full county name, state abbreviation and collector name should be included for each species. Collector's name on the specimen page is optional.
- F. Specimen pages should have two different views of the insect if possible. If picture is taken on different dates/localities include information for both.
- G. A statement describing the host plant/habitat should be included and is strongly encouraged for Advanced notebooks.
- H. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page and also on the front of the divider page.
- I. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.
- J. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project if you have been in for more than one year. Place the paper just behind the Title Page in the front of your notebook.
- K. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.
- L. A minimum of 10 photo pages of new species must be added and/or replaced each year.

9. All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 24" from the back board. All displays must be self-standing.

4-H Entomology
Department 115

COLLECTION CLASSES

- A. A 4-H member may exhibit in the collection and/or educational class for the phase in which they are enrolled.
- B. 4-H members may choose to use one of two taxonomies: Option A– As printed in "Insects in Kansas" book or Option B– which follows www.bugguide.net.
- C. All entries (except for class #1) are to be placed in Plexiglas covered (Plexiglas required) wooden boxes with outside measurements of 18" x 24" x 3½". Display boxes with glass covers WILL NOT be accepted. See the specific phase for box and specimen number limitations.
- D. Each exhibitor is required to identify each box with two identification labels bearing exhibitor's name, county or district, the class of the 4-H member and taxonomy used. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so it can be displayed lengthwise.
- E. The number of orders, specimens (and families where required) must be included on both of the exhibitor's box identification labels. Only one adult insect per species can be used in the Collection Boxes and Notebook Classes, unless labeled as male or female and correctly identified.
- F. Arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.
- G. Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label is a date/locality. Full county name and state abbreviation should be on the second label. Collector's name on the date/locality label is optional.
- H. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to "Entomology Collection Exhibit Resource" for full details on out-of-state insects in collections
- I. Only specimens of the class Insecta should be included.
- J. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
- K. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape

1. **AC Electric:** Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have wiring access to examine the quality and safety of workmanship.
2. **DC Electric:** Electric projects with a battery or direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered project. Examples include: wiring two- or three-way switches, difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H'er. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.
3. **Electronic:** Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.
4. **Newly built or repaired computers.** This class is for newly built or repaired computers (laptop or PC) and allows 4-H members to demonstrate skills integrating the various parts of a computer into a single unit. Displays should show either a fully functional computer or show what the individual components do. The display should be free of dust and cabled neatly. Fully functional computers should boot up and do not need to include a monitor, keyboard, or mouse at the State Fair.

- 2. Large Fowl; 1 young bird of either sex (Cockerel or Pullet)
- 3. Bantam; 1 old bird of either sex (Cock or Hen)
- 4. Bantam; 1 young bird of either sex (Cockerel or Pullet)

- 11. Herdsmanship will be conducted on a club basis. Your club will be competing with the other clubs on the cleanliness of your animals and your area in the barn.
- 12. All horses shown must have had ID papers on file at the Thomas Co Extension Office by May 1.
- 13. 4-H and FFA members exhibiting horses are to abide by the dress code as listed in the Handbook for Kansas 4-H Horse Shows and Events.
- 14. If any animal is deemed to be unsafe or unhealthy by the livestock committee, the exhibitor may be asked to remove the animal from the grounds.
- 15. All over and underweight animals regardless of species, will show in Heavyweight or Prospect classes.
- 16. In order to sell at the 4-H and FFA Livestock Sale, the animals must meet the following weight requirements:
 - Hogs: 225-350 lbs.**
 - Steers: 1000-1800 lbs.**
 - Lambs: 100-160 lbs.**
 - Meat Goats: 50-125 lbs.**

****For Example, if the hog is under 225 lbs, it will not sell and if the hog is over 350 lbs., it will only sell at the max. of 350 lbs.**

The animal to be sold must have been shown in its respective market class to be eligible for the 4-H and FFA livestock sale. Any 4-H/FFA member who sells at the livestock sale must attend a minimum of 5 meetings for the club or organization they are selling with and complete the YQCA Training.

- 17. All animals must have clean ear tags when coming to weigh-in for fair.
- 18. All animals will be allowed **one re-weigh** opportunity after all other animals have been weighed. Animal must be clean going into the scale for both attempts. **If the re-weigh is in question, the fair board has the right to request another re-weigh** under fair board, species superintendent, and extension agent supervision. Refusal to this request will prohibit that animal from selling in the livestock sale.
- 19. **Exhibitors may sell one animal in each species.** A consignment fee will be collected for each animal sold to pay for publicity for the buyer and contribution toward the Buyer's Meal. **\$10.00 will be charged for small animals (swine, sheep, goats) and \$20.00 will be charged for beef.** Money will also be paid for the Beef, Sheep and Swine Check-Off Programs. Cash or check payment must be turned in with the Livestock Sale Consignment Form. Checks can be made out to the **Thomas County Fair Board.**
- 20. 4-H or FFA livestock exhibits sold at public auction or by private contract may still be eligible to exhibit at the Kansas State Fair or KJLS. Public auction includes: premium sale, ribbon auction, or similar event. If the animal sold at the Thomas County Fair Livestock Sale is slated as resale, the floor price of that animal will be deducted from the sale price and the check written to that youth will be the difference and the youth will retain ownership of the animal. If the Buyer wants to purchase/own the actual animal, the youth and the buyer must have an official agreement that includes the date the animal will be available (promptly following the return of the animal from intended show) and that there is to be no exchange of money from the buyer or seller until the animal is in the buyer's hand.
- 21. It is the 4-H or FFA member's responsibility to submit a completed Livestock Sale Consignment form and correct money to a fair board member the day of fair weigh-in by 1:00pm. Late Livestock Sale Consignment forms will be accepted with a \$100 fee from 1PM-5PM on Monday, July 29th. After 5PM on the 29th, the fee increases to \$200. Late Livestock Sale Consignment forms will be accepted until Tuesday, July 30th at 5PM. No consignment forms will be accepted after this time. **NO substitutions will be allowed once the consignment form is turned in, with the exception of Grand and Reserve Champions. Livestock destined to be shown at KSF and KJLS must be denoted on the Livestock Sale Consignment form.**

The trap obstacles are positioned parallel to one another with their openings facing the same general direction and must be less than 10 but not closer than 2 feet.

Optional Obstacles (*chose 3 contact, 3 tunnel/barrel, 1 pause, 8 jumps*): A-frame, dog walk, seesaw, swing plank, sway bridge, crawl tunnel, hoop tunnel, hooper's hoops, open tunnel, closed tunnel, go-around-barrel, platform jump, pause box, pause table, single bar jump, bush jump, panel jump, log jump, picket fence jump, lattice fence jump, window jump, broad jump, triple ascending jump, tire jump

13a. Small dogs –less than 15 inches at the withers

13b. Medium dogs –15-20 inches at the withers

13c. Large dogs –more than 20 inches at the withers

- 14. Agility IV (off lead)** - For all handlers with dogs who have scored at least 170 points in Agility III
Agility IV will be scored the same way as Agility III with the same obstacles and course requirements plus the following additional requirements.
- A delimiting line will be drawn at least 6 feet from two different obstacles. The dog must complete the obstacle without the handler crossing the line. The obstacles may be consecutive or in two different areas of the course but should not be the first or last obstacles. The line can be used to mark off one end or section of the course or to mark off individual obstacles. A failed distance test will automatically result in a non-qualifying score.
 - It is the judge's discretion whether to include the designation for the location of the distance line when designing the scoresheet. This can be decided after set-up when walking the course.
 - The weave poles can be used twice and can be used in the place of a contact or tunnel/barrel obstacle.
- 14a.** Small dogs –less than 15 inches at the withers

22. There is to be **NO** trading or buying of resale animals on the Thomas County Fairgrounds. No exceptions. Once an animal is designated as resale, they cannot be taken home. All resale animals **MUST** go to Colby Livestock Auction. Any purchases of resale animals must take place through Colby Livestock Auction on their property. **Failure to adhere to these rules will result in restriction of participating in the subsequent Thomas County Fair Livestock Sale.** This rule applies to each youth member as a family unit. For example, if the trading or buying of resale animals on the Thomas County Fairgrounds occurs, all youth from that family will be prohibited from participating in the subsequent Thomas County Fair Livestock Sale.

*This rule does not apply to exhibitors that have designated livestock to KSF and KJLS following all proper rules and procedures.

23. Grand and Reserve Champions must sell at the 4-H and FFA sale if the animal is shown as a market animal.
24. 4-H and FFA members should make first contact with their buyers after the sale by giving them Buyer's ribbons and filling out sale forms.
25. All market classes will be shown by weight, not by breed.
26. Classes will be broken into weights upon the decision of the superintendent and/or agent.
27. Livestock animals are on the fairgrounds for exhibit purposes and are to be in the barns or in the designated tie-out area only, excluding the day of the show.

*Tie out of steers for feeding or resting in tie out area only. Violators of Rule 27 will be disqualified from both the livestock show and sale.

GRIEVANCE PROCESS

Complaints shall be handled in this manner:

1. An individual with a complaint must go to the superintendent in charge of the species and together attempt to resolve the problem.
2. If one superintendent is not able to resolve the situation, they shall enlist the aid of the Extension Agent and possibly the Livestock Committee.
3. If the problem is still unresolved, the matter will be taken up at the next regularly scheduled Extension Council Executive Board meeting.
4. Grievances taken to the Executive Board must be in writing and signed by the person making the request.
