Based on guidance from local public health agencies, all Central & Western Kansas Chapter in-person education programs have been rescheduled. However, we are pleased to announce that we are offering a VIRTUAL EDUCATION schedule using video conferencing. Click on the registration links below for each class. During the registration process, the video conference link will be provided. Each education class is free of charge.

**VIRTUAL EDUCATION CLASSES**

Education programs presented by the Alzheimer’s Association®

Based on guidance from local public health agencies, all Central & Western Kansas Chapter in-person education programs have been rescheduled. However, we are pleased to announce that we are offering a VIRTUAL EDUCATION schedule using video conferencing. Click on the registration links below for each class. During the registration process, the video conference link will be provided. Each education class is free of charge.
